About forty-five dresses were read from the various households in different parts The committees on by-laws, auditing bills and accounts, etc., ported and the session adjourned at 12 o'clock, to reassemble again at 2.

THE RAILROADS.

Western ministers were dismayed when the Central Passenger Association at its meeting held last month adopted a resolution not to issue trip permits for half-rates to elergymen residing outside of the territory of the association, which is bounded on the west by Chicago and St. Louis.

Originally the railroads individually issued trip permits to clergymen not residing along their lines, but several months ago the eastern roads decided, for various reasons, to have trip clergy permits issued exclusively by the com missioner of Central Passenger Association. This plan worked very well but some ministers in the southwest who wanted to go east via St. Louis, complained because they had to buy a postage stamp and write to Chicago in order to save several dollars in rail road fare. The subject was discussed at the last meeting of the Central Pas senger Association until everybody was tired of it, and when somebody offered a resolution to abolish trip clergy permits it was adopted because it would and the wearlsome discussion

Since then a number of the leading railroads have refused to be bound by that resolution to abolish clergy trip permits, and have requested Commissioner Donald, of the Central Passenger Association to continue to issue exclusively such permits for them. As a re sult, all the roads will ask him to act for them also. Ministers residing west of Chicago and St. Louis can get half rates over the Central Passenger Assoclation lines by making proper application to Commissioner Donald. trip permits will be given also to persons other than elergymen who are engaged exclusively in religious work.
